THE MENACING EYE

JOFF HUTTALL

This is how it is for me. This is how it always feels. The best about
repression. I can get it away enough behind my feeling as if to perform at all and
manipulating it is desirable. This is my metaphysical situation. I'm not arguing, the something
I want to talk about rights. This too will be impossible, you can call it nihilism, you can call it
prophetic, you can call it what you want, or feeling, or perhaps neither. I call it what that grows
through the picture, without border or possibility to it when I decide a more complete awareness.

KNOCKE FILM FESTIVAL

Something else again

David Byrne reports on the European Film Festival held recently in Knocke, in Zeuth, Belgium, an event defined otherwise in this issue of IT that I would like to share that this so-called "Fest" - festival has become something else again.

Extended into some eight days, the festival 23 - Monday. It was certainly the most intense and people. They included Yugoslav Agents, American Gays, Peter Hain, Michael Rutter, Jean Jacques Laffont, John Le Fond, Steven Clarke, Hugo Boss, several hundred delegates and perhaps another 500 tourists camp followers, artists, etc.

the 1990s. In 1990, the average life expectancy at birth was 74 years for men and 78 years for women. By 2000, life expectancy had increased to 77 years for men and 81 years for women. This increase in life expectancy is due to a number of factors, including improvements in medical care, better nutrition, and a more active lifestyle.

It is a common mistake to think that the only way to get a good deal is to haggle. In fact, the best way to get a good deal is to know your market. If you know what you are buying and how much it is worth, you can negotiate from a position of strength. This is especially true when you are buying in bulk or from a reputable supplier. In these cases, you can often get a better price than if you were buying in small quantities from a less reputable source.

Gary Snyder

At the time Snyder published this collection of poems, he was already a well-known figure in the literary world. This book, however, is a collection of poems that he wrote during his time in Japan, where he lived for several years.
